Honorable Lisa Murkowski
Chairman
Committee on Energy
and Natural Resources
United States Senate
Washington, DC 20510

Dear Madam Chairman:

The Congressional Budget Office has reviewed H.R. 381, an act to designate a mountain in the John Muir Wilderness of the Sierra National Forest as "Sky Point," as ordered reported by the Senate Committee on Energy and Natural Resources on March 30, 2017.

CBO estimates that enacting this legislation would have no significant effect on the federal budget and would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply. CBO estimates that enacting the legislation would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

H.R. 381 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Jeff LaFave.

Sincerely,

A handwritten signature in black ink that reads "Mark P. Hoeller for".

Keith Hall
